

## CHARGES VIOLATIONS BY SECURITY LEAGUE

Report of House Committee Asserts Election Act Is Disregarded in Not Filing Reports.

## S SUPPORTED BY WEALTH

Attention Called to Contributions by Big Moneyed Interests—All the Members Concur in Claim.

WASHINGTON, March 3.—Violations of the corrupt practices act by officers of the national security league charged in a report of the special committee appointed to investigate activities of the organization in the last campaign.

Each of the seven members of the committee signed the report, presented by Chairman Johnson. A charge is made in a minority report by the seventh member, Representative Walsh of Massachusetts. The committee stated that officials of the league had failed to file itemized statements of contributions and expenditures as required by the corrupt practices act from any political organization which endeavored in two or more states to influence the result of congressional elections.

Activities of the organization were denounced by the committee. The league was organized ostensibly, the report stated, to arouse the country to a realization of its unpreparedness in the event of a foreign attack. It threw aside this pretense and entered the political field to influence the election of a commission which would support the interests of the country, branding nearly all members of congress as disloyal.

"The real purpose of the league," said the report, "was to elect to congress a majority which would support its views on the great questions of reconstruction which follow the war."

The idea of forming the league, the report said, was conceived by S. E. McKen, an attorney representing sugar, steel and other large interests.

The committee laid stress on the fact that large contributions had been received by the organization from the foreign interests. John D. Rockefeller, J. Pierpont Morgan and others having large interests here and abroad.

## EUREKA PAVING COMPANY TO SELL ITS HOLDINGS

Announcement is made by F. C. Hume, referee in the bankruptcy proceedings of the Eureka Paving company, that a hearing will be held at the national bank building at Houston, Texas, on March 12, when creditors of the paving company will be allowed to present claims for the purpose of procuring a settlement.

## PROPOSED STATE LAW IS CHECK ON CITY POWERS

According to an announcement by the city legal department there is now up before the state legislature a bill which, if passed, will deprive municipalities of the state of a great portion of their jurisdiction over the collection of automobile taxes and the regulation of auto traffic. This bill is now before the house. The bill denies the city the right to collect the tax on licenses. This, however, a movement on foot for an amendment to the bill which gives the city authority to sell the drivers' tags and collect fees thereon. This amendment enables the city to prescribe who shall be eligible for these tags on comparative qualifications. It is probable that the proposed amendment will be incorporated in the bill.

## Assault Upon Niece Charged.

OKLAHOMA CITY, March 3.—Callison, a prominent farmer living a few miles west of Oklahoma, was arrested Tuesday charged with the crime of assault upon his niece. He is the father of P. W. Ratcliff, a prominent farmer of the community. Callison is a married man and has two children. His wife is a sister of P. W. Ratcliff, father of the alleged victim.

## Loan Bill Signed.

WASHINGTON, March 3.—President Wilson tonight signed the "Victory Loan" bill authorizing the treasury to issue \$1,000,000,000 in short-term notes and providing \$1,000,000,000 for the use of the war finance corporation in stimulating the country's foreign commerce.

## Text-Book Bill Passed.

OKLAHOMA CITY, March 3.—The senate this afternoon passed the bill by Vaughn providing for the creation of a text-book commission and revising the laws now governing the manner of purchasing school text-books.

## Colds Cause Grip and Influenza.

CAUTIOUS ROMO QUININE Tablets remove the cause. There is only one "Romo" Quinine. F. W. GROVES' signature on the box. 30c.

## A FOOL AT 40

It is an old proverb that every man is either a fool or a physician at 40. Well, I fooled along for 40 years in the drug business and practice of medicine before I perfected a blood medicine that I thought and knew I could offer the public with impunity.

I have perfected "Number 40" for do not wish to fool you that I will send you the front of the cartoon which shows the statement that you have tried "Number 40" for the blood. For any serious disease, result in chronic rheumatism, kidney trouble, liver and stomach trouble, or in fact any disease, for which it is recommended. J. C. Mendelhall, Evansville, Ind. Sold by Steinberg Bros.

## Deportation Likely for Spanish Anarchists

Group of Spanish anarchists collected by federal authorities in investigating plot to kill the president, on way to federal court in New York.

Federal officials are running down every clue in every report of plots against the safety of President Wilson.

## POLICE PROTECTION CONTINUES A WEEK

Commissioners Decide to Postpone Cut in Force Until War Exposition Is Concluded

In view of the fact that special police protection is thought necessary for the coming week because of the national war exposition city officials have decided to retain the entire police force for the duration of the exposition and the cut contemplated in the police force will not be made at the present.

F. M. Bohn, commissioner of police and fire, believes that he can retain the ten policemen it was thought necessary to discharge this week at a maximum expense to the city of \$100. Mayor Hubbard, joins with Commissioner Bohn in this opinion because of the immense crowds expected to visit Tulsa during the exposition.

## ALL SOLDIERS OF GREAT WAR WILL BE ORGANIZED

Major Alva J. Niles, as ranking returned overseas officer for Tulsa and vicinity, will be asked in the near future to call a meeting of all soldiers of Tulsa and vicinity for the purpose of organizing the Grand Army of Civilization, an organization to be operated and copied after the Grand Army of the Republic. All soldiers of this section of the country will be eligible for membership. The local chapter of the Grand Army of Civilization will be organized primarily for the purpose of handling together veterans of the great European war and will furnish a meeting place for the society of the veterans of the civil war. It is suggested that at the proposed meeting an organization committee be appointed to visit the smaller towns and work up interest in the society. This organization is a national affair and is being organized with the approval of the entire country. Tiffany & Co. of New York have already designed the seal and button emblems, which have been adopted by the officials of the organization.

## COTTIN WILL BE GIVEN TRIAL BY COURT-MARTIAL

PARIS, March 3.—Emil Cottin, who recently shot and wounded Premier Clemenceau, will be tried by court-martial on March 14. Captain Bouchardon, head of the Paris military court, continued his interrogation of the premier's assailant this afternoon. Cottin admitted that the attack had been premeditated for several months and declared that if he had not been stopped he would have reloaded his revolver and fired again.

## Hayes' Healing Honey.

Stops the Tickles, Heals the Throat, Cures the Cough. Price 25c. A free box of O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle.

## NOVELTY ACTS PLEASE CHILDREN

Lipton's Monkeys at the Empress and Keno & Wagner Are Delight.

Two acts on the current bill at the Empress are an especial delight to children. These are Lipton's Famous Troupe of Performing Monkeys—18 in number, who have a "jazz" band, and pull off a regular vaudeville circus, the monkeys performing on wire and trapeze, doing strong man burlesque and other novelty stunts. Keno & Wagner give quite an original novelty of song and dance with movements modeled after the old-fashioned "jumping-jacks" of toyland. It is a unique conception and very pleasing.

In uncovering a well laid plan to assassinate Wilson the officials recently corralled 14 Spanish anarchists in New York and Philadelphia. They were made to appear in court under habas corpus proceedings. They were freed later, but it is believed they will be deported.

## They Laughed, and Cried and Were Silent and Still When Warfield Played "Auctioneer"

It was an entranced audience that alternately laughed and cried and then sat in suppressed silence during tense moments at the Grand theater last night during the presentation of "The Auctioneer" by America's greatest actor, David Warfield. The play itself is one of David Warfield's best productions, but it was the personality of the great Warfield himself that spread out over the entire house and sent everyone home with the satisfaction of having seen not only a great play, but a most wonderful actor.

A representative of The World was accorded the privilege of a short but delightful visit with Mr. Warfield between the second and third acts of the play and was greeted with a geniality and cordiality as refreshing and delightful as the very part he was playing on the stage.

"You see this is my first trip through this particular section and my first visit to the city of Tulsa. I am perfectly enraptured with this wonderful country and this wonderful city. It is a real joy to me. The fact is there is snap and go in the very atmosphere of this city, and in fact in many others throughout the middlewest that far outshines the cities of the east."

"Oh, I know that sounds rather on the boasting order, but I mean it. I had a rather delightful experience with the waiter who served me at luncheon today. I had some difficulty in getting something that I ordered and I finally said to him: 'Oh, run along and get it for me. I can pay for it. I just struck an oil well down on Main street, and I feel like most of these oil men I see around the lobby of this hotel.' The waiter rolled his eyes in a surprised sort of way but I got what I wanted, and had a good laugh besides."

## DO YOU NEED A KIDNEY MEDICINE?

Dr. Kilmer's Swamp-Root is not recommended for everything, but if you have kidney, liver or bladder trouble, it may be found just the medicine you need. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle healing herbal compound—a physician's prescription—which has proved its great value in thousands of the most distressing cases according to reliable testimony.

## COLDS AND FLU BEST TREATED WITH CALOTABS

The New Perfected Calomel That is Free From Nauseating and Salivating Effects

Physicians or druggists will tell you that the best thing in the world for a cold, grippe or influenza, is Calotabs, the perfected calomel, that is free from nauseating and salivating effects. Doctors have learned that other laxatives are uncertain and unsatisfactory for cold and grippe, but that they can count on Calotabs, the new calomel, that has all the liver benefits and none of the sting, to thoroughly arouse the liver and put the system in ideal condition to throw off the cold and prevent influenza and pneumonia.

The best time to take Calotabs is at the first sign of a cold. If you take it at the beginning you can cure a cold over night. One Calotab on the tongue at bed time with a swallow of water—that's all. In the morning you wake up feeling fine with a hearty appetite for breakfast. Your cold has vanished and you may congratulate yourself that you have possibly prevented serious complications. For physicians tell us that neglected colds number their victims by the millions.

## STATE EXHIBITS AT NATIONAL CAPITAL

Plan of Separate House for Each Commonwealth Is Most Favored.

World's Building Bureau.

WASHINGTON, March 4.—Plans have been made this week for the resumption of a country-wide campaign for the establishment in Washington of a permanent state exhibit, and aggressive work with this project in view is shortly to be undertaken. While the general nature of the proposed permanent exhibit here in the national capital is agreed upon, a difference of opinion still exists among the promoters of the plan as to the manner of housing the exhibit. Some of those advocating it prefer a place containing separate state buildings, grouped in some easily accessible section of the city, while others believe that a single immense structure affording space for the different states, and including an auditorium or convention hall, with smaller rooms for minor gatherings, would be preferable.

As originally outlined, the plan provided for a separate building for each state, such structures to be built by the states themselves, on ground made available by congress. These buildings, while conforming to the same general style of architecture, would afford a place opportunity for symbolic architectural treatment so as to give an effect of individuality. Rooms for conventions and for meetings of state associations would be provided in the buildings, together with ample space for comprehensive exhibits of the natural resources, manufactures and products of the states, statistical and historical information, etc. Maintenance of the buildings and exhibits would devolve principally on the states.

## Half Million Fund Raised.

Advocates of the single structure plan believe it the more feasible and generally advantageous. To be located on the ground provided by the federal government, the building would be paid for by the states in proportion to the amount of space to be occupied. The plan also contemplates federal aid in the erection of the building, its maintenance and in keeping up the exhibits.

Steps already have been taken to raise a fund of a quarter of a million dollars, by voluntary subscription, with which to finance a nationwide publicity campaign. Such a fund, according to the belief of those interested, would be ample to insure the success of the project. Plans are being matured here to present to the next congress a comprehensive outline of the project, a detailed account of the work already done, and definite lines of procedure for the immediate resumption of the campaign which after being well under way, was permitted to lapse when this country became an active participant in the world war nearly two years ago. Support of a score of more senators and members of the house already is pledged, and this support will be secured as a nucleus with which to gain the favor of the legislative branch of the national government.

## Tulsa City Court Bill Passed by Lower House

World's Building Bureau.

OKLAHOMA CITY, March 3.—Tulsa's city court bill, by Representatives Kenton and Hildison, passed the house of representatives this afternoon and it now goes to the senate where its passage is assured.

## Wilson Spends Quiet Day.

WASHINGTON, March 3.—Except for the Jewish conference, President Wilson enjoyed a day of rest, the first of a busy week which has kept him hard at work for the greater part of each day. This morning he and Mrs. Wilson attended church and this afternoon they went for an automobile ride.

## LETTERS from OVERTHERE

Herschbach, Germany, Feb. 7, 1919.

Editor World: On behalf of the American boys in the expeditionary forces, in regard to the home question in the United States we have been talking a great deal about the country going dry and we have come to the conclusion that we were not treated quite right. It looks as if the drys took advantage of our absence in rushing through the decision. We do not think that is quite right, for we believe that we are American citizens and should have a voice in such matters.

It is conceded that we have been quite a help to our country when it was in trouble, so it looks like nothing but right that we should have a chance to vote on how it is run. We feel that we have done more for our country than a great many of those dry people who stayed at home and just watched for a chance to take advantage of our absence.

JOEL H. BUTLER, Co. I, 127th Inf., A. E. F.

To enable blind persons to tell temperature a Frenchman has invented a thermometer in which ascending mercury depresses a balanced tube along a scale carrying embossed marks.

### THE UNION NATIONAL BANK

**LIVE, ACTIVE DOLLARS**

Every dollar you spend carelessly for something that brings you no return is gone.

On the other hand, every dollar you have on deposit in a savings account with this growing bank is a live, active dollar.

It is working for you, earning 4% interest; it is safeguarded against loss from any cause.

**TULSA**

## Pay Loads Both Ways

Twenty-seven per cent of motor trucks today engage in intercity haulage exclusively. A year ago only 4 per cent.

You'll come to it sooner or later—because there's money in it—as much as \$30 a day clear for each truck.

Then you'll realize why GOODRICH DE LUXE Truck Tires are best for your truck—why men engaged in this hard-gripping, sinew-cracking, but profitable venture insist that their trucks be shod with them.

Only Quality will stand the Spartan test of the country road, curtail heavy vibration, save fuel and the load—and in GOODRICH DE LUXE Truck Tires Quality is given its best expression.

We sell and apply De Luxe Truck Tires Carnation Auto Sales Company
